

Heading 1

Hello Platypus! I wonder why this is called Platypus?!?

This is another paragraph added to the flow. Eventually all things added to this flow will be built into a pdf document.

Before  After

Heading 2

Do Paragraphs Wrap Text by Default? Do Paragraphs Wrap Text by Default? Do Paragraphs Wrap Text by Default? Do Paragraphs Wrap Text by Default? Do Paragraphs Wrap Text by Default? Do Paragraphs Wrap Text by Default?

This is some random text. I should get some lorem ipsum text to use as a filler for here.

Second Page

Welcome to the second page!

Hello from Colin.

I don't **remember** about *Doc Strings*.

What do I do? ~~Garry on~~

Make a [link](#)

Try to use span to change color of **text**.

PARA ELEMENT TESTING.
